In addition to boosting GSK Stockmann's regional reputation, the rankings highlight the ongoing strategic growth and development of the Luxembourg office since its inception in 2016. A sincere thanks goes to all clients for their positive feedback and ongoing trust. Congratulations to our teams and lawyers highlighted in the rankings for their ongoing hard work and commitment.

The Legal 500 EMEA guide provides researched coverage of over 80 countries and over 2,700 ranked law firms. Law firms pay nothing to participate and ranking decisions are based on merit alone. The research process is conducted annually, providing a detailed qualitative assessment of various factors including work conducted by law firms over the past 12 months and historically; experience and depth of teams; specialisms and ancillary services; and, opinions of law firms' clients. All of this is used to benchmark each law firm versus competitors in the practice area in question.
